A hand-drawn diagram illustrating a system or process. At the top left, a circle contains the text "CODE - 14". An arrow points from this circle to a large rectangular box labeled "PARAVIN V LÍSTEK" and "TRANSPORT". From the right side of this box, another arrow points to a circle containing the text "POVÍTIT NA STŘESE". Below this, a large grid is shown with several horizontal lines crossing it. A label "ZDE TE NĚJŠI" is placed above the grid, with an arrow pointing to the text "COSI ZAŠLOVÝMHO" below it. To the right of the grid, the word "SUN" is written. To the far right, there is a large, roughly drawn circle. Below the grid, there are several small icons: a sun-like symbol, a square with diagonal lines, a square with vertical lines, a square with horizontal lines, a square with a cross, and a square with a circle. Below these icons are the numbers 0, 1, 2, 3, and 4.

The image contains four hand-drawn sketches of a rectangular electronic device with rounded corners. The first sketch on the left shows a front view with a grid pattern on the top half and a small circular component at the bottom. The second sketch in the middle shows a side view with a vertical antenna-like element. The third sketch on the right shows a back view with a grid pattern and two circular components. The fourth sketch on the far right shows another back view with a digital display showing '0.00'. Below the first three sketches, the text 'front/back' is written with arrows pointing to each. Below the last two sketches, the text 'side' is written with an arrow pointing to the middle one, and 'two views of the back' is written with arrows pointing to the right ones.
